#### About the Service

**Active Cumbria** is one of 43 active partnerships which exist across the whole of England, and since its inception in 1999 has been part of Cumbria County Council, more latterly as part of the wider Public Health Team. Throughout the period the County Council has hosted Active Cumbria, which has included legal and financial accountability, employing body for the team of staff, relevant insurances and back-office services, and access to all associated policies and procedures.

As the strategic lead agency in Cumbria for physical activity, Active Cumbria aligns its services to support the achievement of both local and national Government Policy, and that of Sport England.

Its purpose is a simple one of 'Improving Lives through Physical Activity' and it works with many partner organisations, networks, and systems across Cumbria to support the achievement of a range of outcomes through increased levels of physical activity in communities.

### **Data Controller Arrangements**

Active Cumbria as an unincorporated association will be hosted by Cumberland Council, however it will continue to provide services across the county on behalf of both unitary authorities. Whilst its operative functions will be located with Cumberland Council (pursuant to a novated agency agreement), both authorities will, via the Active Cumbria Advisory Board, have direct involvement in how the services are to be delivered, with Active Cumbria providing the same level of service, and having the same level of integration and connectivity with Westmorland and Furness authority as it will with Cumberland authority. The authorities will therefore act as joint data controllers in respect of any processing of personal data which may be required as a result of the discharge of those functions across both Council areas.
