

# Community Project Budget Planner

You can use this template to assist you in budgeting for your community project or initiative. It can be used to identify all costs associated with your funding application. You can submit this to us as a detailed breakdown of your project costs to support your application for funding.

You do not have to use this form although you will still be required to provide a detailed breakdown of all costs and income associated with your application for funding.

**Name of Group**

**Project/Initiative**

**Project start date**

## Project income

**Description of funds/name of funders**

**Amount (£)**

**Total income**
