<b>Residential and Nursing Care</b>					
A person's personal contributions to the cost of providing care is calculated on an individual basis and is based on the ability of the person to pay. The value of people's houses are taken into account. The staff who undertake this calculation also look to make sure that people are claiming all the benefits to which they are entitled. Where the person is a full fee payer the cost to the Council will be payable.	D	Calculated on an individual basis	-	-	-
