

Respondant Type	Name of the specific polling district, polling place, or polling station you wish to comment on: - Name of polling district, station or place	Overall, how satisfied are you with your existing arrangements for the Polling District/Place/Station? - Satisfaction assessment	Further comments on satisfaction	Do you believe there is a suitable alternate building that could be used as a polling station? - Suggest alternative places	Suggested alternative
Parish Clerk	Brigham Parish	Satisfied	Only issue is lack of parking	No	
Voter/elector	Millom without	Very satisfied	Millom without ward is split between two parliamentary m.ps but lies within Cumberland council. I feel that the Cumberland boundary should be the m.p boundary.	No	
Local councillor	Great Clifton Village Hall, CA14 1UH	Very satisfied	A signpost or two might be useful, mainly to remind people to vote. For example, where Middlegate leaves Main Road.	No	
Other existing representative	Calvert Way, Keswick CA124LZ	Dissatisfied	Calvert Way is situated on the edge of Keswick and residents of this estate, feel a part of the town. The Keswick Polling stations are within walking distance for them but the boundary division puts them in the neighbouring ward of Bothel and Wharrels. This designation does not follow the natural boundaries of the area. The polling station is Millbeck Village Hall. This is not walkable and is not accessible by public transport. There is only a tiny layby to pull into and no disabled parking at all.	Not Answered	
Voter/elector	Silecroft Village Hall, Millom, Cumbria	Very satisfied	Silecroft Village Hall is very user friendly especially for the elderly/infirm to access. Kitchen albeit small is adequate for the voting. Telephone signal better now that it was a few years ago.	No	
Voter/elector	Little Clifton	Very satisfied		No	
Voter/elector	Greenrow penecostal church, Silloth	Very satisfied		No	
Voter/elector	Victoria hall Cockermouth	Very dissatisfied	The access is difficult. The signage is abysmal. There is no privacy. The staff used last election were incompetent. They couldn't read or understand the lists they had been given. A Labour exit poll person was too close to the station and was overheard by me canvassing votes. That is not allowed on election day.	Yes (provide full details below)	The Library
Voter/elector	Harris Park, Cockermouth	Satisfied	The polling station is Harris Park Bowling Club is very suitable as a venue but for the last two elections the signage has been poor. No signs for the polling Station were hung at the park boundary (as previously) and only one sign at the venue. As the venue is not gisible from outside the park, further signage on the park boundary is required.	No	

Voter/elector	Great Broughton (Brewery House)	Dissatisfied	I didn't enjoy going to vote at a pub, personally. It would be much better suited to the village hall - unsure if there was a reason this couldn't be used? Although it's flat access into the pub there is little parking available. There were 3 strange cars there all day right outside so imagine they were the poll clerk's cars. Voters cars then congested the already busy main street when they went in to vote. Although it is in walking distance for many.	Yes (provide full details below)	Village Hall (Little Broughton).
Voter/elector	Pub in Tallentire is an excellent polling station for the local community. Easily accessible to surrounding villages	Very satisfied		No	
Voter/elector	Bridgefoot/Little Clifton Village Hall	Very satisfied		No	
Organisation/Other	BCS5 St Bega's Village Hall	Satisfied		No	
Voter/elector	Helena Thompson Museum, Workington	Very satisfied		No	
Voter/elector	Carlisle, Kingstown, Gosling Bridge Hotel, Scotland Road	Dissatisfied	The polling station used at the General Election for residents of north Carlisle was a portakabin in a pub car park. It was hard to find, cramped, lacking privacy and not very accessible.	Yes (provide full details below)	North Carlisle deserves better than a portakabin. Would it not have been possible to use a school (e.g. Stanwix), community centre (e.g. Belah) or sports venue (e.g. the cricket club) as alternative venues?
Voter/elector	Lansdowne Crescent	Neither satisfied nor dissatisfied	The portacabin is a very small enclosed space. If you go when someone else is in there it's a little tight!	No	
Voter/elector	Kells and Sandwith Ward, Dog and Partridge, Sandwith	Satisfied	Maybe not the ideal polling station due to slightly small and dark, but definitely the best place currently available in Sandwith village. Wouldn't want to have to go outside of the village to vote.	No	
Voter/elector	Yew Tree Hall	Very dissatisfied	Our local hall can only be accessed up a steep flight of stairs. It completely discriminates against minority groups such as wheelchair users and the elderly who may be put off voting due to the poor access. A recent parish council survey highlighted the concerns of many local residents about the poor access to the hall. Schemes to resolve the problem of accessibility have been rejected by the managing committee for decades. It is not fit for purpose.	Yes (provide full details below)	The local school has facilities that are all accessible and is centrally located. The village pub could make a better venue. It has good parking facilities and ground floor access.
Voter/elector	Yew tree hall High Lorton	Very dissatisfied	Not suitable at all for disabled use or access with pushchair. Entrance up a set of stairs and no provision for ramp as exit directly onto road. Parking very limited.	No	
Voter/elector	Lowry Hill, kingwood School	Very satisfied	Do not waste anymore money moving this polling station. It has disabled access and good signage.	No	
Voter/elector	Wetheral hall	Very satisfied		No	
Voter/elector	Pinegrove hotel ca12qs	Very satisfied	Would like to see more room alternative hired room inside the hotel. To fit more people as they come at once to vote. More privacy this way.	No	If in the summer months a election is held, a suitable pop-up stall could be set up outside the hotel for more room and extra voters will be attracted.
Voter/elector	Caldew Hall, Sillioth	Very satisfied	Perfect	No	

			this is the only public meeting place in the parish apart from the two churches. The polling staff are always very friendly and helpful. However, the heating in the room is very poor, heaters high on the wall, they must be cold sitting there all day.		
Voter/elector	roadhead public hall	Satisfied		No	
Voter/elector		Satisfied		No	
	Cockermouth North (think it is ALCM4) The Laureates, Cockermouth	Dissatisfied	As a local councillor for Fitz ward which includes the Laureates, I wish to express concern, on behalf of the residents of the distance from the estate to the polling station at Victoria Hall off Main Street. This is a long way (well over a mile and a half) for residents to walk to vote.	No	I am not sure if there is a building which is actually nearer to the Laureates which could be used as a polling station. The library building is certainly nearer, but I am not sure whether libraries are used. There is not a building on or adjacent to the estate which could readily be used.
	Wheyrigg Hall Hotel	Very satisfied	A query was raised whether Wheyrigg Hall Hotel will be used in future elections as residents of Dundraw and Kelsick had to use Blencogo Village Hall at the election in July 2024	No	
Voter/elector	Keswick CO2	Neither satisfied nor dissatisfied	Keswick parish boundary was recently amended to include a new housing development (Calvert Way) and land with both planned and potential further housing. The amendment moved the boundary north from Brundholme Road to the A66. The polling district immediately south of this area is CO2. I suggest that the polling district CO2 be amended to include the said land up to the new northern parish boundary, thus including the entirety of Keswick parish within the electoral ward of Keswick.	No	
Parish Council		Neither satisfied nor dissatisfied	Workington Town Council wishes to express concerns for the following: We believe that there should be a minimum of a polling station in every ward; currently Stainburn ward has 1200 electors but no station. Could the Council look into a mobile station for this ward if no other appropriate venue is found. Also, Frostoms Road, Workington is in St Johns ward but its polling station is in St Michaels ward at Bolton St, so electors are having to leave their own ward in order to vote.	Yes (provide full details below)	Use of mobile polling stations.
Other	Cumwhitton Parish Hall	Satisfied		No
