

Building Control Charges

Guidance on Building Control Charges – with effect from 1 April 2023

The charges for work falling under the control of the Building Regulations are intended to cover the cost of the building control services provided by the Council. There are two methods that the authority may use to establish the applicable charge for building work:

1. Standard charges; and
2. Individually determined charges.

Standard charges

Standard charges are applicable in the following circumstances:

1. The work consists of the erection or conversion of less than 6 dwellings where the floor area of each dwelling does not exceed 300m².
2. The work consists of a domestic garage or extension with a floor area less than 80m².
3. The work consists of a loft conversion with an estimated cost* of less than £75,000.
4. Domestic building work consisting of alterations where the estimated cost is less than £75,000.
5. Non domestic building work where the estimated cost* is less than £250,000.

Individual determination of charges

Charges are individually determined for larger and/or more complex schemes, including:

1. A reversion charge
2. The building work is in relation to more than one building.

3. Domestic building work consisting of alterations where the estimated cost* exceeds 75,000 under schedule 3.

4. Non-domestic building work where the estimated cost exceeds £250,000.

5. The work consists of a domestic extension with a floor area over 80m².

6. The work consists of the erection or conversion of 6 or more dwellings or the floor area of a dwelling exceeds 300m².

7. The work consists of the conversion of a building to a dwelling, dwelling house or flat(s), where the works are all carried out at the same time and the estimated cost* of the works exceeds £75,000 (see Notes under schedule 3 – Charges for other work).

8. Any other domestic work when the estimated cost* of work exceeds £75,000 (where the works are carried out at the same time).

9. Where work does not fall within any of the standard charge categories of Schedules 1 to 3 (inclusive) the charge will be individually determined.

If your building work is defined above as requiring an individual assessment of a charge, please email Building Control at bc@cumberland.gov.uk or call (01228) 817184.

*** Estimated cost means a reasonable estimate that would be charged by a professional builder (excluding VAT).**

How to pay

Please note that we cannot accept cash payments at any of the Councils offices or through the post. Please choose one of the following payment options:

- CHEQUE – please make your cheque payable to Cumberland Council with your address and application number on the back and post it to Building Control, Civic Centre, RickerGate, Carlisle, CA3 8QG
- TELEPHONE PAYMENT – please call 01228-817184 with your debit/credit card details.
