A shared ownership property must be your sole property. If you own a residential property, you must show evidence to the Council that it has been sold subject to contract before completing the purchase of a shared ownership property. However, you are still able to apply for certification of eligibility to purchase and reserve a shared ownership property.

If you own more than one residential property, you are not eligible to purchase a shared ownership property. The Council may make an exception. This will depend on your specific circumstances.
