PART TWO - YOUR REPRESENTATION

Please use a separate form for each Proposed Main Modification that you wish to comment on. It is important that your responses only relate to the main modifications and not to other parts of the Plan.

Q1. Please give the Proposed Main Modification reference your comment relates to

Main Modification reference – MM 54

Q2. Do you consider that the Proposed Main Modification to the Local Plan addresses the following in relation to the policy(s) concerned;

Legally Compliant?

☒ Yes ☐ No

Sound?

☒ Yes ☒ Yes, with minor changes ☐ No

Q3. If you consider the Local Plan remains or is unsound in light of the Proposed Main Modification, is it because it is not:

- ☒ Positively Prepared?
- ☒ Justified?
- ☒ Effective?
- ☒ Consistent with National Policy?

Q4. Please give details of why you consider the Local Plan is not legally compliant or is unsound in light of the Proposed Main Modification. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your reasoning.

Please note that your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation. After this stage, further submissions will be only at the request of the Inspector.

I have not seen evidence to show that the land at Low Harker Dene will provide

sufficient space for 15 transit pitches

As for MM49 it should be noted that this land adjoins the M6 and noise attenuation measures will be required as for other residential uses alongside the M6 in Carlisle which could reduce the land available.

The potential for small private transit provision on parts of other private family sites should not be ruled out in accordance with para 28b PPTS

Q5. Please set out what alternative/additional change(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at Q3 above where this relates to soundness. You will need to say why this change will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward suggested revised wording. Please be as precise as possible:

..provides sufficient land to accommodate up to 15 pitches subject to suitable noise attenuation measures designed to safeguard the amenities of the occupiers of the caravans from traffic noise on the adjoining M6.

Any additional proposals for transit provision will be assessed against the criteria in the policy and Policy 28b PPTS

Q6. Do you have any comments on the supporting documents, such as the Sustainability Appraisal Addendum or the Habitats Regulations Assessment Addendum?

Q7. Any issues raised on the Main Modifications will be considered as written representations by the Inspector. Further hearing sessions will only be scheduled exceptionally. However please indicate whether you wish to appear at an examination hearing session if necessary?
