The site subject of this objection is land at Townhead Road, Dalston - Strategic Housing Land Availability Assessment (site Reference DA02). In the SHLAA the site is identified as Deliverable. The Site Assessment stating that "This is a large Greenfield site which lies immediately adjacent an established housing area. Dalston is a large village with a good range of services and facilities, serving both the village and the surrounding hinterland. It is the only village in the district with a secondary school, and has significant areas of employment. In addition there are a range of shops, recreation opportunities, a doctors' surgery and a train station.

This site relates well to the adjoining housing area to the north and west, although it may not be appropriate in design terms to develop the whole site."

In the context of:

- the proceeding

- the previous submissions made by Taylor and Hardy Ltd including those dated July 2014, March 2014, November 2013 and September 2013

it is considered that all/part of the site identified in the SHLAA as Site Reference DA02 ought to be allocated for residential development.

Q5. Please set out what change(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at Q3 above where this relates to soundness. You will need to say why this change will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible:

All/part of the site referred to above ought to be allocated for residential development.

Q8. If you wish to participate, please outline why you consider this to be necessary:

Please note it will be at the discretion of the Inspector to determine the content of the hearing sessions and who will be heard.
