If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your representation.
Please note that your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
I wish to object to Policy HO1 and Appendix 1 (Sites Allocated under Policy HO1) due to the exclusion of my client's land as a suitable site for residential development.
The land the subject of this objection is located in the village of Wetheral and is identified on the plan enclosed.
The Carlisle Strategic Housing Market Land Availability Assessment (SHLAA) has highlighted the suitability of this site for residential development, categorising the site as Deliverable (Ref: WE08 - Land off Plains Road). It states:

"This is a large greenfield site on the northern edge of Wetheral. It is well related to the settlement and could provide a logical extension to the village..."

The Carlisle District Local Plan Preferred Options (Stage 2) consultation goes on to discount my clients site on the basis of scale.

Wetheral is identified by Carlisle City Council in the Emerging Local Plan and the Carlisle Rural Masterplan as a large sustainable village capable of accommodating a greater level of development. The settlement benefits from a number of services including a railway station, bus service, village green, public houses, village hall, village shop and post office, restaurant and hotel.

In their previous representation to the Council, my client was clear that whilst the full extent of the their ownership was identified, it was not proposed that all of the site should be developed. More importantly, it was suggested that the extent of the land available would enable the site to be developed in a way that was sensitive to the landscape character.

It is to be noted that the sites which have been identified by the Council in Wetheral as Preferred Options are all located to the south of the village, which would create an imbalance in the built form of the settlement. The inclusion of my client's land would provide a more spatially balanced approach to the distribution of growth within Wetheral, which it is accepted can accommodate a larger level of development.

In the context of all matters addressed above, my client considers that the exclusion of their site in the Site Allocation process is unjustified and that the Council has failed to 'plan positively' for the development and infrastructure required in this area.

Q5. Please set out what change(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at Q3 above where this relates to soundness. You will need to say why this change will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible:

Q6. Do you wish to make any comments on the supporting documents, such as the Sustainability Appraisal, Habitats Regulations Assessment, Infrastructure Delivery Plan or evidence base?

Q7. If your representation is seeking a change; do you consider it necessary to participate in the hearing sessions of the examination?

☐ **No, I do not wish to participate at the hearing sessions of the examination**

☐ **Yes, I wish to participate at the hearing sessions of the examination**

Q8. If you wish to participate, please outline why you consider this to be necessary:

Please note it will be at the discretion of the Inspector to determine the content of the hearing sessions and who will be heard.

**Thank you for your time to complete and return this Representation form.
Please keep a copy for future reference.**
