☒	Positively Prepared?
☒	Justified?
☐	Effective?
☒	Consistent with National Policy?

Q4. Please give details of why you consider the Local Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your representation.
Please note that your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
I wish to object to Policy HO1 and Appendix 1 (Sites Allocated under Policy HO1) due to the exclusion of my client's land as a suitable site for residential development. The land the subject of this objection is located in the village of Great Orton and is identified on the plan enclosed The site subject that is subject to this objection, is of an area approximately 0.5 ha and is located to the south east of the village of Great Orton.

The village of Great Orton is a linear settlement which is recognised within the Carlisle Rural Masterplan as a sustainable location, suitable for further growth.

Great Orton benefits from a number of services and facilities including, shop, primary school, church, village hall, public house and public transport links.

The Emerging Carlisle District Local Plan (ECDLP) Submission draft Spatial Vision sets out the Council's aspiration to support a broad geographical spread of development within rural villages, stating: "...Opportunities have similiary been taken to support thriving communities through sustaining and enhancing a network of centres across the District's rural town and villages."

The ECDLP Proposals Map however does not support this objective when viewed spatially. It is clear that very few allocations for residential development have been made to the rural communities in the west of the Plan area, and a disproportionate number of dwellings have been allocated to the larger villages in the east of the district.

Paragraph 55 of the NPPF states that rural housing should be located where it will enhance or maintain the vitality of the rural communities.

In the context of the matters addressed above, my client considers that the exclusion of their site in the Site Allocation process is unjustified and that the Council has failed to 'plan positively' for the development and infrastructure required in this area.

Q5. Please set out what change(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at Q3 above where this relates to soundness. You will need to say why this change will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible:

Q6. Do you wish to make any comments on the supporting documents, such as the Sustainability Appraisal, Habitats Regulations Assessment, Infrastructure Delivery Plan or evidence base?

Q7. If your representation is seeking a change; do you consider it necessary to participate in the hearing sessions of the examination?

- ☐ No, I do not wish to participate at the hearing sessions of the examination
- ☐ Yes, I wish to participate at the hearing sessions of the examination

Q8. If you wish to participate, please outline why you consider this to be necessary:

Please note it will be at the discretion of the Inspector to determine the content of the hearing sessions and who will be heard.
