

A Proposal by Westmorland & Furness Council
Section 19 of the Commons Act 2006
Correction of the Register
Dominant tenement incorrectly recorded

In accordance with regulation 18(1) of The Commons Registration (England) Regulations 2014 please find below a statement in writing describing the proposal and the justification behind it.

Description of the proposal:

It has become apparent that an error was made by the Commons Registration Authority when updating commons register units CL20 Caldbeck Common and CL60 Carrock Fell and Mungrisdale Fell on 21 November 2025 to record declarations of entitlement to exercise part of a right of common. Following an apportionment of a dominant tenement, O.S. field no. 54 was mistakenly included in column 5 of entries 481 and 63 respectively.

Justification for the proposal:

The Commons Registration Authority believe that correcting this mistake, and therefore ensuring the accuracy of the commons register would be in the public interest.

Section 19 of the Commons Act 2006

Correction of the Register

Notice is hereby given that a proposal has been made by **Westmorland and Furness Council** ("the Proposer") as the Commons Registration Authority, under Section 19(2)(a) of the Commons Act 2006 and in accordance with the Commons Registration (England) Regulations 2014.

The proposal relates to register units CL20 Caldbeck Common and CL60 Carrock Fell and Mungrisdale Fell.

Pursuant to application CA15/378 made on 24 July 2025, declarations of entitlement to exercise part of a right of common registered at entries 125 of CL20 and entry 6 of CL60 were registered and recorded as attached to O.S. Nos. 39, 40, pt37, 33, 23, 24, 21, 22, pt34, 38, 17, 18, 19, 20, 35, 31, 32, 25, 170, 168, 169, 188, 54 and pt80. O.S. field no. 54 should not have been listed in column 5 of the new entries; 481 of CL20 and 63 of CL60 and the acreage should not have been included in the calculation of the right, but due to a mistake by the commons registration authority it was included in those entries.

The Proposer seeks by this proposal to correct that mistake.

If the proposal is granted the Commons Registration Authority will give effect to the determination by:

1. deleting entry 481 of CL20 and entry 63 of CL60 (making reference to the new corresponding entries) and making new entries in the register and removing O.S. field no. 54 (shown in red on the attached plan), and
2. will reduce the apportionment of the right accordingly from the right to graze 358.71 ewes and followers and 118 hogs to 353.78 ewes and followers and 116.38 hogs, and
3. correcting the corresponding supplemental map accordingly.
