Resident / Elector	CA14 5BQ	Yes	Acceptable	Yes	Signage		Yes	CU4	No	There is no polling station in my ward, in proposal have to go to a neighbouring ward to vote	Minto Centre or Westfield Resource Centre		No	

Local Councillor	CA28 6LW	Yes	Very Good	Yes	Parking		No	BLP 1,2,3,4,5,6	Partly	The mount is straddled across two wards which is a bit strange for residents and they often find it confusing who their councillor is and where they should vote. The majority of the estate is in Bransty, Parton and Lowca but there is a small portion which will be in a different ward. I would like to see them all voting at the same polling station and also belonging to the same ward. Also the highlands residents should have their own polling station rather than having to drive to St James school.	I would suggest having the mount residents all vote in the same place and also for a mobile polling station be provided for highlands residents which would make parking and congestion easier on St James' school.		No	
Resident / Elector	CA12 4PS	Yes	Very Good	Yes		None at all ever!	Yes	Underskiddaw	No	I like many other locals like to vote locally that means our local village hall. I will not travel to vote or post my vote.	Leave it where it is	Please consider the elderly	Prefer not to say	
Resident / Elector	CA2 7HD	Yes	Poor	Not Sure			No		Partly	I don't understand what the proposal is.		I would rather vote in a building than a portacabin. They must be a nuisance for nearby residents	No	
Other - Underskiddaw Parish Council	CA12 4EU	Yes	Acceptable	Yes			Yes	KES3	No	Underskiddaw Parish Council objects to any proposal to remove the polling place at Millbeck Village Hall and replace it wit Keswick Methodist Church. This would be difficult for older residents and the proposed location in Keswick can be difficult to access and has very little parking. In short, residents do not want to lose the ability to vote at Millbeck Village Hall.		Confusion over the description of the Parish as Keswick West Ward - the Parish is Underskiddaw.	No

Resident / Elector	CA19 1UD	Yes	Acceptable	No	Other	There is access via steps from the main road or wheelchair access from Gatesyde Place/New Close from around the corner. Yet where the latter access could be used, it is difficult for a lone voter and there is not adequate signage to explain this access point as an alternative option	No	Eskdale	Partly	Please see responses to earlier questions	Probably the local school would be better to address all access issues.		No	
Resident / Elector	CA12 4LJ	Yes	Acceptable	Not Sure			No		Partly	Schools don't need to be used	Not any schools, the area has plenty of village hall type premises		No	
Resident / Elector	CA28 6SW	Yes	Acceptable	No	Distance/Parking	Parking is the main issue	No		Partly	The Highlands in Whitehaven has no polling station and I think it should have one. There's planning permission for over 400 new homes in the immediate vicinity so consideration needs to be given for a polling station on the estate.	Either a portacabin or the use of a home. I'd be happy to use an annex of my home as a polling station.	The Highlands is a large housing estate, about to double in size. The nearest polling station is a drive away so it merits consideration for a new more local polling station.	Prefer not to say	
Resident / Elector	CA74DF	Yes	Very Good	Yes			No		Yes	I think you're a bunch of fraudulent bastards who will try anything to stop a resounding defeat. You dystopian frauds! Other - Caldbeck Parish Council	CA13 0QG	Yes	Very Good	Yes		None	Yes	Caldbeck Parish	No	At the September 2026 meeting of Caldbeck Parish Council the council decided that it would recommend having only one polling station in Caldbeck rather than having two polling stations one in Caldbeck and one in Hesket Newmarket.	No, Caldbeck Parish Hall is a well maintained and accessible building.	No	No	
Other - Blindcrake Parish Council	CA13 0QG	Yes	Very Good	Yes			Yes	Blindcrake	Yes	Blindcrake Parish Council at their September meeting supported the continued use of Blindcrake Village Hall as the polling place for the parish.	No		No	
Resident / Elector	CA2 6ET	Yes	Acceptable	Yes			No		Yes	The proposals are acceptable for me			No	

Local Councillor	CA3 9HZ	Yes	Very Good	Yes	Parking		Yes	CA_MC (western part)	No	The proposal is unclear. There are 714 residents in CA-MC to the west of Scotland Road (A7). The proposal seems to suggest that these residents would not be able to use a polling station PortaKabin usually situated at Stanwix Community Centre, Church Street, Carlisle, CA3 9DJ. But instead they would have to use a polling station at the extreme northern end of Stanwix at St. Augustine's Church Annexe, Waverley Road, Carlisle, CA3 9JU. This would be a walk of up to a mile further. I object.	Stanwix Community Centre, Church Street, Carlisle, CA3 9DJ	Gosling Bridge Inn polling station: Council's 2024 review recorded a complaint that this polling station was "hard to find, cramped, lacking privacy and not very accessible." In May 2022 elections I complained to the presiding officer on election day that there was no signage visible from the road entrance in Windsor Way. A sign should be from either direction on Windsor way and Scotland Road. Signage within the car park should lead electors. Does if it has to be tucked away at the back?	No	
Resident / Elector	CA3 9HL	No	I don't know where my polling station is	I don't know my polling station is	Other	Please above.	Yes	Stanwix - West side of Scotland Road.	No	As I have already said my neighbours are not fit enough to walk, neither is my son and I am waiting another foot operation and am unable to walk to St Augustine's Church either. Voting numbers are going to fall. The council are making it more difficult for the old and infirm to vote and that is discriminatory. Under the Equality Act 2010 explains in detail how disabled people cannot be discriminated against. This applies to public services.	Yes same as previous elections Stanwix School	Stop discriminating against the old and infirm please. You are in breach of the Equality Act 2010.	Yes	Make voting easier not harder for us.
Other - MP for Carlisle	CA1 2BS	No	I don't know where my polling station is	I don't know my polling station is			Yes	All of them	No	I do not think we should be losing any polling stations. The previous amount worked		I do not agree with any polling stations being withdrawn	Prefer not to say	
Resident / Elector	CA3 9NE	Yes	Very Good	Yes			Yes	CA-MC	No	At present my wife and I can easily access the polling station on foot. It is now proposed that we should have to vote at St Augustine's Church, which is (I would guess) several times as far away. It would be difficult for us to access the Church by car and we do not wish to vote by post.	Yes: the existing polling station at Stanwix Community Centre, Church Street, Carlisle, CA3 9DJ	I find it extraordinary that such a change to the voting arrangements has been proposed without residents having it drawn to their attention by the Council.	Prefer not to say	
Resident / Elector	CA7 4LA	Yes	Very Good	Yes		No issues - polling station at Culterham/Mawbray Village Hall is very good.	No		Yes	No change proposed for Silloth and Allonby Bay polling stations that myself and friends and family use.
